

Specification for EQUIGLO Quick Soak 10 MINUTE BEET®

Feed material

Product Name**EQUIGLO Quick Soak 10 MINUTE BEET®**

Cooked Dried Unmolassed Sugar Beet Pulp Flakes

EU Feeds Category

Tuber, roots, and products derived thereof - 4.1.10 Dried sugar (beet) pulp

Product Description

A high quality unmolassed sugar beet pulp, produced by a cooking process as a flake. Sugar beet pulp flakes are an excellent source of easily fermentable, non-cellulose fibre with an enhanced water holding capacity (five times its own weight). Of U.K. origin. Non-GM. BETA-NOPS compliance.

Composition:

100% Dried Unmolassed Sugar Beet Pulp

Product Features

Colour: Pale / mid grey
 Appearance: Flakes
 Texture: Slightly coarse, uneven
 Odour: Agreeable and healthy.

**Analytical Constituents (March '22)**
